

Thanks to everyone on another successful WISC field hockey season. The tournament will begin this Sunday, May 11th and conclude on Sunday, May 18th. ALL teams make the tournament, regardless of standings. It is a single elimination tournament with the possibility that some teams will play more than one game a day. Please make sure you check the website to see when your team will play. Tournament rules are listed below:

- Players may only participate with one team throughout the tournament (no switching between teams)
- Games will be played with 5 + GK unless both teams agree to play with 6 + GK
- Juniors and seniors are not permitted to play in the B division
- Each team is allowed two time-outs per game, however they must use them prior to the three minute mark.
- If the game is tied at the end of regulation, one sudden-death five minute overtime will be played.
- Only four total players may be used during the overtime.
- If the game remains tied, one set of strokes will be played (three per team).
- Sudden-death strokes will be used if the game is still tied. During sudden-death, all players on a team must take a stroke before any one player can repeat her turn.

Good Luck!!

Will & Wendy
