

FLO FLICKITY SOCCER

Materials: Spot Cones (20-25), Tall Cones (4-5)

Game Length: 15-20 minutes

This game is yet another tag game. In a 25x25 yard square have all the kids without a ball. Pick four kids to be it. They will occupy each of the four corners of the square. The four kids who are it will represent the Flo Flickity Gang and they need to have a ball. One will be Flo, one will be Flickity, one will be Slappy and one will be either Moppy or Tricky. The remaining kids (ghosts) will be in the middle without a ball. On the coaches command the game will begin and the object is for the Flo Flickity Gang to catch the ghosts. To catch the ghosts they must dribble around the square and try to pass the ball into the feet of the ghosts. As they are dribbling, continue to reiterate form and technique and keeping it close. When a ghost is tagged he or she is out and must go to the corner of the person who tagged them (eg. Flickity's Corner). *Note: At the beginning of the game make sure you remind the kids which corner belongs to which member of the Flo Flickity Gang.* When all the ghosts have been caught (by being tagged by the ball) the game is over. The winner is the member of the Flo Flickity Gang who has the most ghosts at his or her corner. You can then pick 4 new kids to be it and assign them to their corners. At that point a new game begins.

Note: Make sure the kids are dribbling the ball as they try to get close to the ghosts and not just kicking it wildly at them.

○ - FLO FLICKITY GANG △ - GHOSTS
