

## JAIL BREAK

Materials: Spot Cones (20-25)

Game Length: 12-20 minutes

Soccer Skill: Dribbling and Passing

This game is played in a 25 X 25 yd grid. If there are more than 20 kids, the grid may need to be larger. The kids are split into two teams. One team is the cops. They will have balls and will start inside the square. The other team is the robbers. They will not have balls and will start inside Jail. On the count of three all of the cops will yell 'Jail Break!' At that point all of the robbers will run out of jail and the cops will attempt to catch them. To catch them the Cops dribble around the square and while attempting to pass the ball into the feet of the robbers. If a robber gets hit by the ball they must go back to jail and cannot come back out. After a certain amount of time or once all the robbers have been caught the teams switch responsibilities. I usually play at least 2 rounds so the kids have a chance to be the cops and robbers at least twice.

○ - ROBBERS      △ - COPS      ⊗ - SOCCER BALLS
