

## SUPERHERO TAG

Materials: Spot Cones (20-25), Tall Cones (20-30)

Game Length: 12-20 minutes

Soccer Skill: Dribbling, Shooting and Passing

This game is another tag game. In a 25x25 yard square have all the kids with a ball. Have all the kids start on one end of the square with the ball at their feet. The game begins with all the kids facing the inside of the square with their eyes closed. At random pick one or two of the kids to be the bad guys. The bad guys must then leave his/her ball and run around the middle of the square. The rest of the kids are superheroes and must try to tag the bad guys with their ball. Once a bad guy is tagged by a ball, they must stop and fall down. Once the bad guys have been caught the kids return to the starting point. The coach will then pick a few new bad guys.

Note: Make sure the kids are dribbling the ball as they try to get close to the bad guys and not just kicking it wildly at them. Make sure that once a bad guy has been tagged that the other kids stop. You want to avoid having the bad guy get hit when they fall to the ground.

○ - SUPERHEROES    △ - BAD GUYS    ⊗ - Soccer Balls
